

## TRAINING OF CAREER CONSULTANTS IN VELIKO TARNOVO AND SOFIA

Seventy career consultants from the whole country participated to special trainings on equality between women and men within the Career ROCKET project. They have been acquainted with the tools developed by the project team, connected to the career orientation and the professional choice of students.

The trainings have been one day long and have been organized in Veliko Tarnovo on 17.07.2018 and in

Sofia on 31.07.2018. The participants in the trainings came from different structures providing career orientation services in the entire country (Sofia, Blagoevgrad, Plovdiv, Pazardjik, Yambol, Stara Zagora, Burgas, Varna, Rousse, Lovech, Targovishte etc.). Among the participating structures there were also Centers for supporting the personal development, Career Centers from the Labor offices, the Employment Agency, Municipal structures as well as school psychologists.

Veliko Tarnovo, 17.07.2018

The participants in both trainings participated actively in the discussions on gender equality, the stereotypes in career choices, the principle of division of the professions to men's and women's and how to make the right professional choice. After the trainings the participants shared that the meeting with the trainers Stanimira and Diana from GPF helped them to leave their "comfort zone" and to look at their daily work from another point of view and from a different angle.
