

## PEER TRAININGS IN SOUTH BULGARIA

Starting from November 2018 to the end of February 2019 close to 1000 students from South Bulgaria participated to peer trainings provided by the students' teams trained within the Career Rocket project.

The thematic issues discussed in the classrooms were the impact of stereotypes on the career choices; The economic impact of inequality between women and men; The impact of equality on economic development and last but no least important – the violence as a result of inequality between women and men.
